

### REMARKS

The present patent application is a national stage patent application of International Application No. PCT/GB2005/000889 filed 8 March 2005, which claims priority from Patent Application No. GB 0405182.7 filed on 8 March 2004. Applicant respectfully requests entry of the above amendments before the fees are calculated and earnestly solicits a formal Notice of Allowance directed to claims 1-10.

The amendment to the specification was made to include a proper cross reference to related applications.

The amendments to the claims have been made in order to eliminate multiple dependencies and to place the pending claims in proper U.S. format. The amendments to the claims were not made for any other reason related to patentability.

Respectfully submitted,
